## News

### First Solo

Congratulations Jesse for your first solo last week!

### House keeping

As many of you will already know, there's been a lot of work going on at the club recently. A main goal for us has been to make the facilities more welcoming and part of that is modernising them.

We have had a big team help out so far. Thank you to everyone who has volunteered!

This weekend we are focusing on painting the reception area.

## Upcoming

### Ground Courses

We've had a great turn out for our PPL ground courses!

8 people enrolled in PPL Flight Radio which is now in its second week. Next exam is Air Tech followed by Meteorology.

Flick an email to [instructors@nelsonaeroclub.co.nz](mailto:instructors@nelsonaeroclub.co.nz) to register interest for the next ones. It's cheaper than buying resources and self studying. Plus you'll be able to ask as many questions as you like!

Classes typically run every week on Monday nights 6-7.30pm. However, since Air Tech is the biggest PPL exam, we are thinking of classes twice a week for this one.

### Working Bee

This Sunday bring a paint brush down to the club and help renovate.

If you're interested, flick Gemma a text on 022 450 4252 for more info
